About Me

Hi, My name is Md. Al-Amin Hossain. Currently, I am studying for a Bachelor of Science (B.Sc) in Engineering in Computer Science and Engineering (CSE) at Gopalganj Science and Technology University, Bangladesh. I am an expert in frontend development. My skills include React.js, HTML, CSS, and modern JavaScript frameworks, which help me create responsive, user-friendly, and visually appealing web applications.

Skills

- React.js
- JavaScript
- HTML
- Node.js
- Express.js
- MongoDB
- C Programming
- C++
- Java
- Object-Oriented Programming

Education

BSc in Computer Science & Engineering

🎓 University: Gopalganj Science and Technology University (GSTU)

📅 Current Year: 3rd Year, 2nd Semester

📊 CGPA: 3.50

HSC - Higher Secondary Certificate

📍 College: Santhia Govt. Degree College

🏫 Board: Rajshahi

📅 Year of Passing: 2020

📊 Result: GPA 4.92

SSC - Secondary School Certificate

📍 School: Imam Hossain Academy

🏫 Board: Rajshahi

📅 Year of Passing: 2018

📊 Result: GPA 5.00

Projects

Blood Donation Application

A complete web-based platform designed to connect blood donors with recipients efficiently. The system includes user authentication, request management, and payment processing.

- User & Admin Dashboards
- Secure JWT Authentication
- Manage Blood Donation Requests
- Stripe Payment Integration
- Role-Based Access for Admins & Volunteers
- Fully Responsive Design

Frontend: React, Tailwind CSS, React Router, TanStack Query

Backend: Node.js, Express.js, MongoDB (Mongoose), JWT, Stripe

Live Demo: <https://blood-donation-applicati-9d609.web.app>

GitHub (Frontend): <https://github.com/alaminn20cse/Blood-Donation-Client>

GitHub (Backend): <https://github.com/alaminn20cse/Blood-Donation-Server>

Marathon Management System

A platform designed to manage marathon events, including registration, event management, and user authentication for event organizers and participants.

- Dashboards
- Event Creation & Management
- Secure JWT Authentication
- Event Registration
- Countdown Timer for Events
- Fully Responsive Design

Frontend: React, Tailwind CSS, React Router, React Countdown Timer

Backend: Node.js, Express.js, MongoDB, JWT

Live Demo: <https://marathon-management-syst-7b404.web.app/>
